Summary

Hi, I'm Param Jani!

A Computer Engineering student passionate about solving real-world problems with technology. Currently exploring fields like Network Administration while sharpening my skills in Java, Python, and Web Development.

I've participated in hackathons, worked on projects ranging from Air Pollen Index Monitoring to Smart Telemedicine Systems, and I'm always eager to collaborate on innovative solutions.

I believe in continuous learning and value teamwork, design thinking, and ethical tech development.

Currently seeking internships and projects where I can apply my technical skills, expand my knowledge, and contribute meaningfully.

Let's connect and grow together!
